

PENMARA WINES

Penmara (Pen from the Greek prefix Penta for 5 and Mara an Aboriginal word for 5 fingers) was formed when 5 family owned vineyards joined forces so as to gain greater control over our wine making and distribution activities. Based in the Hunter Valley of Australia, with vineyards also in the cool climate Orange region, Penmara can draw on almost 400 acres of vineyards. These vineyards, of different climates and soil types are all low yielding, providing our winemaking team the quality, as well as the diversity, that is vital in consistently producing quality wine.
